

The Cornerstone Project

At

Town Square

Let's do something important.

Let's do something that's going to make a real difference for the future of our community.

Let's gather our good things, and our good ideas, and our good people in one spot and help them grow.

Let's have a place where we can communicate and work together. To be healthier and more creative. To take care of our earth. To provide educational opportunities.

The four-pronged mission of the Cornerstone Project

Health and Wellness...Art and Culture...Energy and the Environment...Workforce and Education

Results

A thriving community

Businesses Open – Families Move Here – Tourists Visit Here

The Town Square Campus

The Wellness Center...The Cultural Center...The Learning Center

Phase I

The Learning Center – scheduled to open in Spring of 2012.

Programming and Spaces

Two art studios – Exercise/Fitness Studio – Lester Schwartz Gallery – Commercial Community Kitchen – Gourmet Shop – Food Pantry – Auditorium/Learning Center (UW Programming) – Physicians' Assistant Training Program – Outdoor Activities Center (kayak, swim, sail, bike, hike, run) – Green Lake Country Tourism Information Desk – Small Business Development Center – Student Internship/Mentoring Center

Business Model

Spaces pay for themselves. Start by investing in the programs rather than the building.

Art/Exercise Instructor?

Rent 700 sf studio for 6 hours for \$50.

Always Open – We promote your business – low overhead – exposure to customers
